

Non-slip tape

134

Features:

High coefficient of viscosity
Extremely durable

Indoor and outdoor use of application:

In residential buildings, public buildings and workplaces.
Applied to concrete, wood, metal, stone and ceramics

Technical data:

Base: PVC
Thickness: 0.65 mm
Glue: natural rubber
Coefficient of adhesion to steel: 6.8 N / 10 mm
Tear resistance: 72 N / 10 m
Indoor and outdoor use: permanently.

Catalogue data:

Sizes: Width [mm] x length [mm]:	Quantity in package:	Catalogue number:
